Diethyl Amino Methyl Triethoxy Silane

CAS No. 15180-47-9

Specifications:

Tests	Specification
Assay	≥85.0%
Diethylamine	≤0.5%
Dimer	≤5.0%

Package: 25Kg/Drum or 180Kg/Drum

Application:

- RTV silicone rubber crosslinker, epoxy fiberglass reinforcement agent, synthetic resin tackifier, raw materials for fabric finishing agents.

Storage: Store sealed, moisture-proof, and away from light at room temperature (15~35℃); after opening the container for use, it should be immediately resealed to prevent moisture from entering and causing hydrolysis.

Recommend Shelf Life: 6 months.
