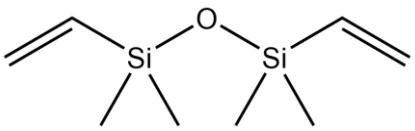
LANYACHEM
"The Chemistry We Serve"

YAC-ViTMDS

1,3-Divinyl-1,1,3,3-Tetramethyldisiloxane

CAS No. 2627-95-4



Specifications:

Tests	Specification
Appearance	Colorless transparent liquid
Assay	≥99.5%
Vinyl Content	≥27.50%
Refractive Index (nD^{25})	1.410~1.420

Package: 160Kg/Drum

Application:

- Mainly used as an additive (intermediate) in the production of addition-cure silicone rubber, addition-cure mold rubber, addition-cure paper release agents, silica gel, liquid silicone, vinyl silicone resin, vinyl silicone oil, platinum complexes, and other related processes.

Storage: Store in a cool, dry, and ventilated area, away from open flames and direct sunlight.

Recommend Shelf Life: 12 months.
